

 **Wadi
Al Rawashed**
For Storage & Trading Co.

2018

Who we are?

Our company is considered as a pioneer company in the industry and developing of Electrical House appliances, and this is referred to our old experience in this domain.

This relation had been established from the good treatment and from the exchanged trust between us and our clients also between us and the factories in the Iraqi market.

So we are considered as the oldest and largest company in this domain.

We are a good developer for the best Brand names in Iraqi special Market.

Our company deals usually with the best brand names to choose the high quality and the best prices.

Our Goals are :

- 1- To keep up with the up-to-date development in the domain of manufacturing the Electrical house appliances, to serve the end customer.
- 2- The competence in prices.
- 3- To build a strong relation with our customers.

In our company we have a division to produce whatever is creative in the zone of advertising and designing of the products.

We are distinguished in our huge and old experience in manufacturing Electrical house appliances, so we have a chosen group of customers who own well known brand names in Iraqi Market.
